The Fraser River Trail runs between the town of Fraser and Winter Park, paralleling US 40 for its entire route. The trail offers lovely views of the surrounding mountains and is a great way to connect the two communities without having to ride (or walk) on the road. Along the way you might encounter wildlife, including beavers, moose, deer, coyotes, herons and other bird species.

Shuttle buses are available in Winter Park and at Fraser's Safeway if you want to walk only one way. Be sure to stop by the interesting Cozens Museum, which the trail goes right past. In addition, you can pick up another trail in Fraser and take it to the YMCA of the Rockies camp west of Tabernash off US 40.
