The Pacolet Nature Trail is a paved trail in the quiet rural community of Pacolet, located along the banks of the Pacolet River. The trail matches the sleepy nature of the town, providing trail users with a pleasantly tranquil experience as it runs through undisturbed woodlands in an area just south of the river. Be sure to keep your eye out for local wildlife and birds on this scenic route; the trail begins at the town's middle school (with convenient parking right next to the trail entrance) and ends at the local amphitheater.
