Tallman Gulch Trail is a linear trail along one of Parker's watercourses. The concrete trail is open for multiple uses including jogging, biking, walking dogs and pushing strollers. The trail curves south and east alongside the gulch and between residential subdivisions. The trail can be used as a route to schools (Iron Horse Elementary, Cimmaron Middle School, Legend High School). Another destination along the route is Tallman Meadow Park, a western-themed community park with picnic facilities, a playground and multipurpose sports field. At its east end, the trail connects to a tangle of singletrack trails. On the west side, trail users can connect to the 40-mile [Cherry Creek Regional Trail](#) by heading west on the [Sulphur Gulch Trail](#), or turn east on the latter trail and access other destinations including Town Hall and the PACE performing arts center.

Tallman Gulch Trail
