The Floresville El Camino Trail is a 2-mile rail-trail that passes through the City of Floresville as it follows the former San Antonio & Aransas Pass Railroad right-of-way. With the majority of the route traversing greenbelt space, the trail runs southeast from the River Bend Golf Course to Hospital Blvd/SH 97 West. Most of the trail surface is dirt and grass, but there is half a mile that is paved. The route features several bridges and the former depot building, which has been turned into a museum. Benches are placed along the trail.
