Madison's Campus Drive Pedestrian and Bicycle Path is a short trail linking the city's west side with the University of Wisconsin's

Madison's Campus Drive Pedestrian and Bicycle Path is a short trail linking the city's west side with the University of Wisconsin's agricultural facilities. Both the heart of the university and the downtown area of Madison are just a short trek east along campus streets from the trail's eastern endpoint.

In the west, the path provides direct access to the University of Wisconsin Hospital and Clinics. While the trail parallels Campus Drive for its entire distance, it is actually separated from the road by an active Wisconsin and Southern Railroad line. Solar-powered lights line the trail's route, allowing for active transportation or recreation at night.

Campus Drive Pedestrian and Bicycle Path

Wisconsin

States: Wisconsin

Counties: Dane

Length: 0.8miles

Trail end points: University Bay Dr. and
Campus Dr. to Linden Dr. and Easterday Ln.
