Oak Point Park & Nature Preserve Trail

Texas

The Oak Point Park & Nature Preserve Trail is a jewel in Plano's park system, offering more than 800 acres to explore and many

The Oak Point Park & Nature Preserve Trail is a jewel in Plano's park system, offering more than 800 acres to explore and many recreational amenities, including a recreation center, amphitheater, a fishing pond, and zipline course.

A mix of both paved and soft-surface trails wind through the park. Its concrete pathway, which spans more than 8 miles, is especially scenic with views of Rowlett Creek. It also connects to the [Bob Woodruff Park Trail](#) on its southern end for a longer walk or ride. (Note that bikes are not allowed on the park's 5 miles of unpaved trail.)

Oak Point Park & Nature Preserve Trail

Texas
