The Ramblin' Vewe Farm Trails are part of the Ramblin' Vewe Farm Trust property, a non-profit organization that protects and preserves the farm, while conserving the heritage of working farms and rural landscapes. Part of their mission is to foster educational and recreational activities, and their trails do just that, connecting people, communities and the land.

There are several short trails to chose from on the hilly terrain, some steep and some on level ground. From the trail you get great views of the mountains and lake.

Visit the [farm website](#) for more information on opening hours and trail regulations.

# Ramblin Vewe Farm Trails [DELETE]
