Ray Roberts Greenbelt Texas

Note: Per the Ray Roberts Lake State Park website, "Due to prior flood damage, the FM 380 section of the Greenbelt Corridor is

half of the route, from near FM 455 to FM 428, the trail splits in two; on the river's west side, a hard-surface trail is provided for bikers and walkers, while an equestrian path can be found along its eastern bank.

Note: Per the Ray Roberts Lake State Park website, "Due to prior flood damage, the FM 380 section of the Greenbelt Corridor is closed. The hard surface trail of the Greenbelt Corridor between Hwy 428 and Hwy 455 is open, but the equestrian trail remains closed. Work continues to repair severe erosion issues and washed out bridges. The only open equestrian trailhead is at Elm Fork Unit. The trail is open between the Elm Fork Unit and Bluestem Grove (in Isle Du Bois). Please contact the park for more [information](#)."

Located northeast of Denton, the Ray Roberts Greenbelt offers abundant recreational opportunities as it follows the heavily wooded banks of the Trinity River, connecting two major lakes: Lake Lewisville at its southern tip and Ray Roberts Lake at its northern end. Along the northern
