Consolidated Canal Path

Arizona

Consolidated Canal Path

Arizona

The Consolidated Canal Path runs north–south along the entire length of the Consolidated Canal, an 18-mile-long waterway dating

Area in Chandler, a 64-acre park atop a former landfill that offers a large archery facility, playground and disc golf.

In Gilbert, trail users can pick up the [Western Canal Path](#) to head towards Phoenix. From the trail's northern endpoint in Mesa, continue west on the [Tempe Canal Path](#) or head north on the [Southern Canal Path](#) to enter the Salt River Pima–Maricopa Indian Community.

The Consolidated Canal Path runs north–south along the entire length of the Consolidated Canal, an 18-mile-long waterway dating back to 1891. The route consists of both a paved path and a gravel-surfaced trail—more popular with horseback riders and joggers—on opposite sides of the canal for all but two short stretches: only a gravel path is available between Warner Road and Lindsay Road in Gilbert and from Riggs Road to Hunt Highway in Chandler.

The gentle-grade path connects Chandler (where it is also known as the Paseo Trail), Gilbert (known here as the Heritage Trail) and Mesa as it winds through neighborhoods, farms and parks. Waterfowl and fish can be spotted in the canal, and fishing is permitted. One highlight along the route is the Paseo Vista Recreation

Consolidated Canal Path

Arizona

States: Arizona
