The State Route 56 Bike Path provides a traffic-separated connection between inland and coastal San Diego County. The route gradually inclines traveling inland and parallels State Route 56 closely for much of the way. There's a short on-road segment on low-stress Azuaga Street near Interstate 15 at the northeast end of the trail.

On the western end, just west of I-5, is the [Sorrento Valley Road Trail](#); unfortunately, there is no linking path for now, although long-term plans call for the connection to be made.

State Route 56 Bike Path

California

States: California

Counties: San Diego

Length: 10.3miles

Trail end points: Sabre Springs Pkwy. (Sabre Springs, San Diego) to I-5 west of El Camino Real (Torrey View Estates, San Diego)

Trail surfaces: Asphalt

Trail category: Greenway/Non-RT

Trail activities: Bike, Inline Skating, Wheelchair Accessible, Walking

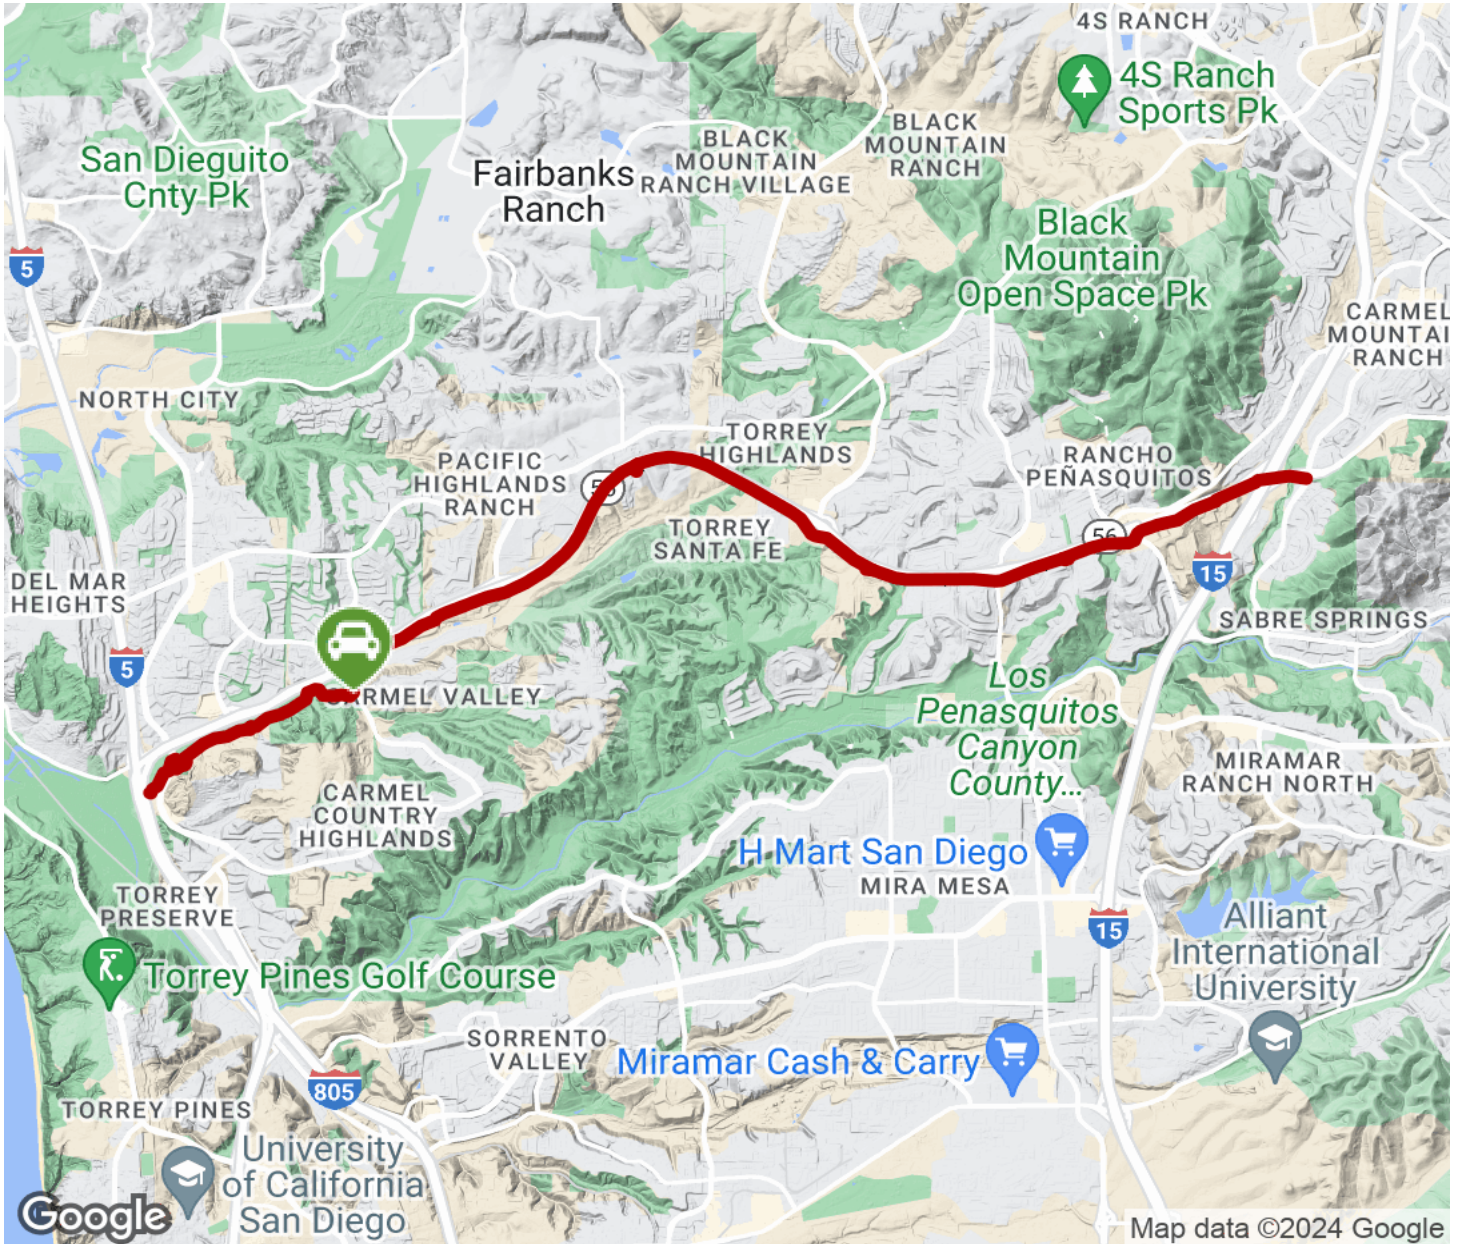

Parking & Trail Access

On the western end of the trail, a parking area is available at the intersection of Clews Ranch Road and Carmel Country Road. On the eastern end of the trail, parking is available in nearby Carmel Mountain Ranch Community Park (10152 Rancho Carmel Drive).
