## State Route 21 Multiuse Path *Florida*

## State Route 21 Multiuse Path

Florida

*Paralleling State Route 21, this multiuse path provides an important connection between the charming community of Keystone Heights*

fishing, picnicking, wildlife viewing, and additional hiking and biking trails.

Paralleling State Route 21, this multiuse path provides an important connection between the charming community of Keystone Heights and Gold Head Branch State Park.

The trail begins downtown at a connection with the [Palatka-to-Lake Butler State Trail](#), which extends more than 20 miles to the outskirts of Palatka. From that trail intersection, the SR 21 path heads northeast on a paved, diagonal route leading directly to the front entrance of the park. Along the way, a wide grassy median keeps the trail at a comfortable distance from traffic.

Gold Head Branch State Park, which opened in the 1930s, is one of Florida's oldest state parks. There is a nominal fee to enter the park, but it offers a wealth of recreational opportunities, including camping, swimming, canoeing,
