The asphalt and concrete trail begins at Lakeshore Drive and Navajo Drive, and travels north to Powers Avenue. It occupies the right-of-way of the Kinder Morgan company's pipeline through Prescott Valley. It connects commercial areas to neighborhoods and green spaces, but it also links up with other multi-use paths (Central Core and Powers Ave. multi-use paths specifically) as part of Prescott Valley's Bicycle Master Plan. While the trail is rather steep in areas, the city has also provided ADA accessible ramps.

PV Pipeline Trail

Arizona

States: Arizona

Counties: Yavapai
