Frog Hollow Trail

Pennsylvania

The roughly half-mile long Frog Hollow Trail currently begins at Miller Road and follows a creek south between two subdivisions

The roughly half-mile long Frog Hollow Trail currently begins at Miller Road and follows a creek south between two subdivisions before dead ending at a point near French Creek. The crushed stone trail provides an open space refuge for nearby residents and is noted for its lush vegetation and footbridge near the southern end. Although currently intended primarily for the residents of the adjacent developments, East Pikeland Township's greenway plans anticipate it eventually being extended south to join the French Creek Trail and north along Frog Hollow Road toward Route 23 and possibly the Schuylkill River Trail.

Frog Hollow Trail

Pennsylvania

States: Pennsylvania

Counties: Chester

Length: 0.4miles

Trail end points: Miller Road, East Pikeland
Twp. to Dead ends at point near French Creek

Trail surfaces: Crushed Stone

Trail category: Greenway/Non-RT

Trail activities: Bike, Walking, Wheelchair
Accessible

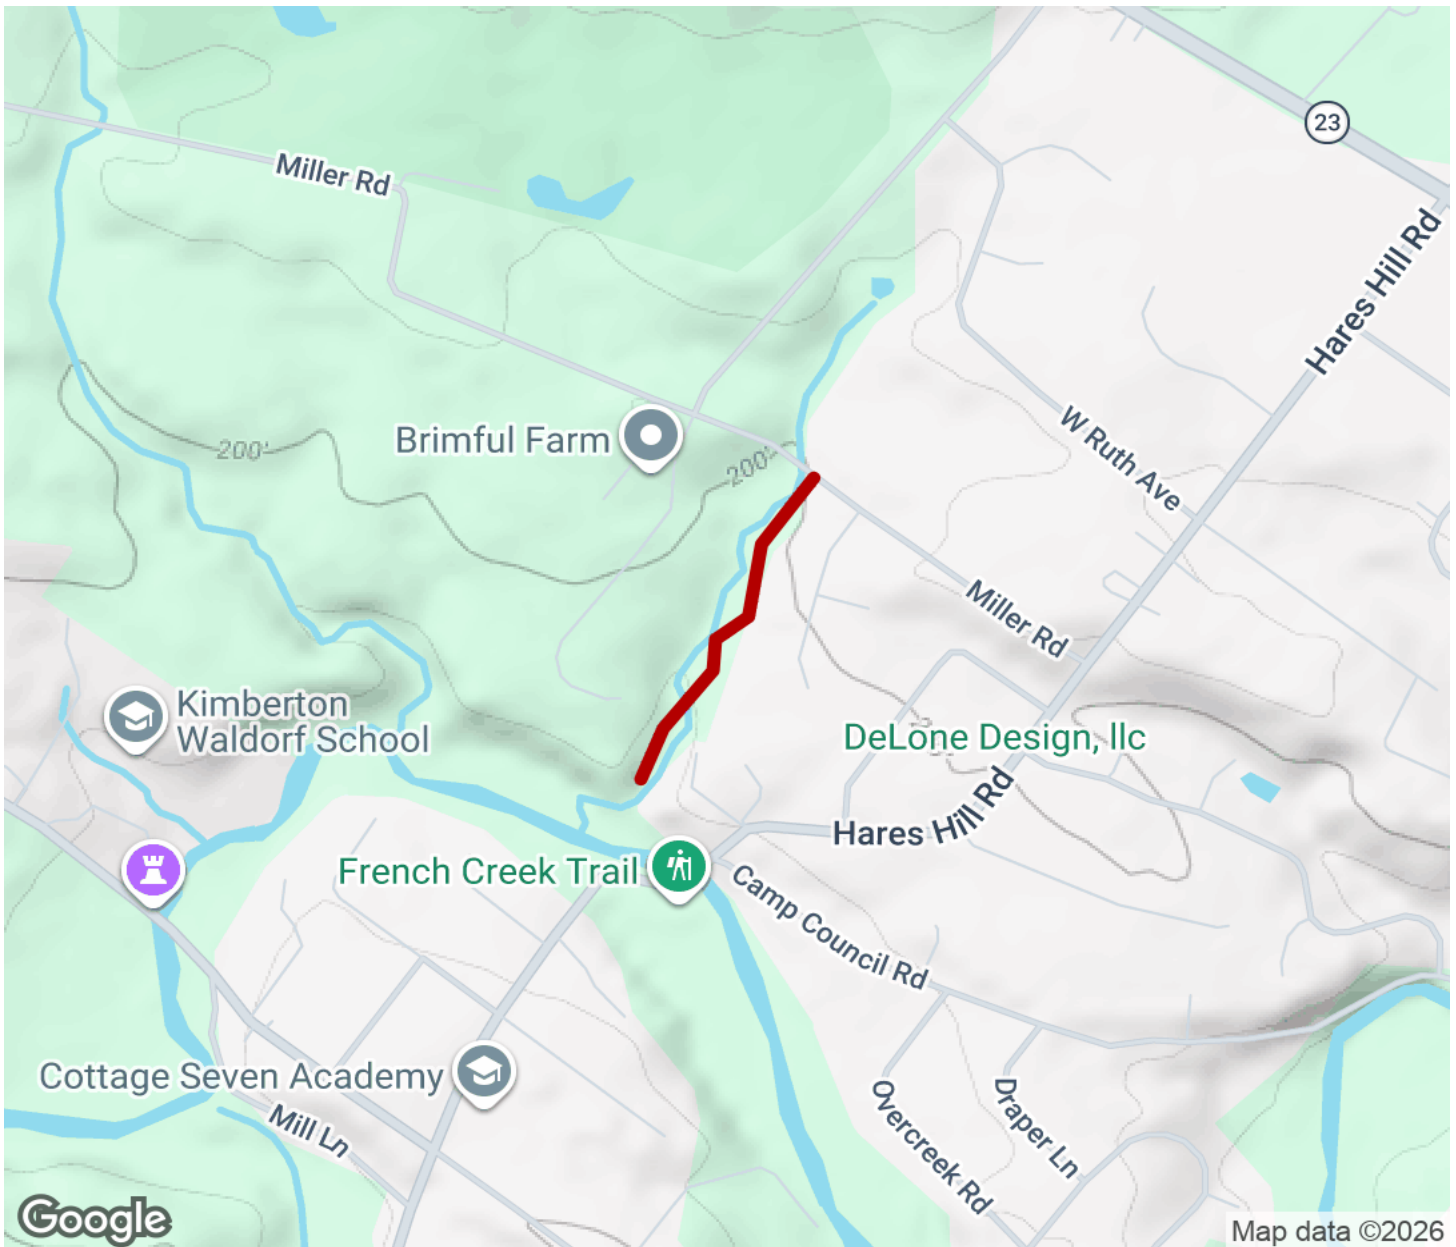

Parking & Trail Access

There is currently no formal parking area; streets in the nearby developments are best, as Miller Road is too narrow.
