Sited in southwest St. George, the Hilton Trail acts as a safe, non-motorized link between J.C. Snow Park in the north, and the Santa Clara Park and Trail in the south. The trail parallels the southbound lanes of I-15, but is totally off-street. Beginning at J.C. Snow park, the first part of the trail passes big box shopping and chain restaurants before coming to a stop on Bluff Road. Use the crosswalk to carefully cross the busy 9-lane street. The trail continues on the other side, sandwiched between Hilton Drive and I-15 and fenced off from the road. The trail comes to Dixie Drive but thankfully this time you can cross underneath the road to connect directly to the [Santa Clara River Trail](#).
