Although only a mile long, the Gilbert Drive Trail is a key connector between two other trails in the northeastern Iowa community of

Although only a mile long, the Gilbert Drive Trail is a key connector between two other trails in the northeastern Iowa community of Evansdale. To the west, it intersects with the [Cedar Valley Nature Trail](#) and, to the east, ends near the [River Forest Road Trail](#). The concrete pathway lines both sides of Gilbert Drive, providing access to the Phil Muehl Memorial Skatepark, Meyer's Lake/Exchange Park and Deerwood Park.
