Bald Eagle Valley Trail Pennsylvania

Bald Eagle Valley Trail, formerly known as the Clinton County Rail Trail, offers a pleasant crushed-stone pathway along scenic Bald

The trail extends across the West Susquehanna River across the revitalized former railroad bridge is known as the Falcon Bridge and includes an ADA-accessible switchback ramp connecting it to the trail. The route reaches its eastern end with a bridge on the northeast riverbank.

Bald Eagle Valley Trail, formerly known as the Clinton County Rail Trail, offers a pleasant crushed-stone pathway along scenic Bald Eagle Creek and the West Branch Susquehanna River. As you pedal or walk along this former railroad bed, look up in the trees for the bald eagles which like to nest in the area.

About the Route

The trail, which will one day span 11.5 miles, is being constructed in six phases. In 2018, the first phase opened and, in 2019, the second phase opened. The trail totals 6.8 miles in two disconnected segments: a section from the Castanea Train Station to Youngdale Road in Wayne Township (3.5 miles), and a section in McElhattan between McElhattan Drive and Take a Peek Rd. (3 miles).
