Lowell Boulevard Trail

Colorado

Westminster, Colorado, has over 145 miles of dedicated non-motorized trails, from major bike thoroughfares to the smaller

Westminster, Colorado, has over 145 miles of dedicated non-motorized trails, from major bike thoroughfares to the smaller local routes like this one, which knit them all together.

The trail on Lowell Boulevard intersects with the [Little Dry Creek Trail](#) at its southern end. At its northern terminus, it meets the Turnpike Trail, another link which in turn connects to the [US 36 Bikeway](#).

There's also destinations to connect to along the trail itself, which provides access to Westminster Station Park, Hidden Lake High School, Torri Square Park, churches and a post office.
