Over 2 miles from start to finish, this U-shaped trail meets both the commuting and the recreational needs of local residents in Middletown. The trail begins on Middle St, marked by a trailhead with a sign and a couple of benches. It then heads south to Smith Street, where it starts facing east, followed by a final northward leg on West Lake Drive. At about the halfway point of your journey (on Smith Street), you'll experience the trail slope upwards considerably up to Forest Glen Circle, followed by a steep descent to the end of the trail just short of West Lake's Drive intersection with Grandview Drive.

Middletown Westlake Area Bikeway

Connecticut
