Bike, walk or jog along a safe separated multiuse path along State Route 415 between Osteen and Sanford. Points of interest include the [East Central Regional Rail Trail](#) (at the SR 415 trail's northern terminus in Osteen), a nearly 50-mile Central Florida trail. Beck Ranch park in Volusia County lies at the midpoint of the trail. What was once a cattle ranch is now houses 25 acres of dog park, picnic tables, multipurpose fields, as well as interpretive signage telling the history of the ranch. There's also the St. John's River crossing, overlooking the slow-moving waterway.

The trail is flat and easy for all ages. The main challenge is that there is little shade to be found so protect your skin from the Florida sunshine while on the trail.

Future plans will connect the SR 415 Trail to the [Sanford](#)
