Neptune Road Recreational Pathway

Florida

The Neptune Road Recreational Pathway, also known as the Bill Johnston Memorial Pathway, connects Kissimmee's Lakefront Park

system that will eventually run seamlessly from Lakefront Park all the way through Orange County to Wekiva Springs State Park.

The Neptune Road Recreational Pathway, also known as the Bill Johnston Memorial Pathway, connects Kissimmee's Lakefront Park to St. Cloud in central Florida. The 10-foot wide trail exits the Kissimmee Lakefront Park and runs along the north side of Lakeshore Boulevard, turning southeast to follow Neptune Road. Brinson Park is at the corner of the two roads. The trail stays parallel to Neptune Road all the way east, crossing two bridges as it goes; one, over Florida Turnpike and later over canal C-33 where it enters St. Cloud. When you come to Old Canoe Creek, turn right for the final 1.8 miles of the trail.

The trail is part of the route of the Florida Trail, the 1300-mile trail concept across the state. The western end in Kissimmee also offers a connection to a segment of the [Shingle Creek Regional Trail](#), a rapidly-developing trail
