Kill Creek Streamway Trail

Kansas

Kill Creek Streamway Trail

Kansas

The Kill Creek Streamway Trail exists in 2 segments: the northern segment begins near Lexington Avenue in De Sort and winds south

The Kill Creek Streamway Trail exists in 2 segments: the northern segment begins near Lexington Avenue in De Sort and winds south of 95th along Kill Creek. The southern segment picks up in Kill Creek Park and tracks a serpentine course south to W. 135th Street in Olathe. The two segments add up to seven miles of paved, multi-use trail, but Kill Creek Park hosts singletrack hiking and mountain-biking trails as well as equestrian paths. The park also features a swimming beach, picnic facilities, restrooms and a playground.

There are plans to connect the two trail segments, as well as to extend the trail from the Kansas River to Gardner, Kansas.

Kill Creek Streamway Trail

Kansas
