The Chamberlain Walking Path takes you from one breathtaking view to another. It begins in Barger Park, sitting on the east bank of the Missouri River. Here you can enjoy wide, unobstructed views of the river from a bench just yards away from the water. Leaving Barger Park, the trail travels alongside Main Street/ Jasper Ave./ SD-50, cutting through the heart of Chamberlain, and then continues north out of the city into the hills. The upward climb might be a moderate challenge for some trail users but its worth it to be able to look back down at the landscape and river from that vantage point. The trail ends at Roam Free Park, a perfect spot to watch the sunset over the Missouri River. Be sure to carry your phone or camera to capture the views. If you are riding out and back, the good news is the ride back to Barger Park is all downhill.

Chamberlain Walking Path

South Dakota

States: South Dakota

Counties: Brule
