Though the word pedestrian is in its name, the Sisseton Pedestrian Path is open to a range of non-motorized uses, including cycling and rollerblading. Beginning in Drenttel Park, the concrete path zigzags through the city for about a mile. Residents can use the path to hit recreation nodes like the aforementioned park with its picnic tables and green fields; Anderson Park on the corner of Main and Ash streets, where users can enjoy a pick-up basketball game; and a sledding hill on Maple and Fourth, which is a delightful spot in the winter months. The trail concludes at 8th Ave. West, across from Sisseton High School.
