Nix Creek Greenway

Arkansas

The Nix Creek Trail makes for a pleasant walk or ride along the stream of the same name. Beginning on Arkansas Boulevard,

JeffFURson Dog Park. The trail's conclusion is on Broad Street, next to the Gateway Farmers Market.

The Nix Creek Trail makes for a pleasant walk or ride along the stream of the same name. Beginning on Arkansas Boulevard, where there is a small parking area, the trail travels through North Texarkana Park, before coming to the first of the road crossings on this route. The next leg of the trail skirts the edge of the Ed Worrell Memorial Park, which features lighted baseball diamonds and concession stands. You'll hit the 1 mile marker just before you emerge on 24th Street.

From there, the Nix Creek is lined with trees on one side, with the creek on the other side. Past 18th Street, the trail is shrouded in tree cover as it runs along the eastern edge of Arkansas High School property. The next street crossing is on 12th Street and takes cyclists into Jefferson Park, which features the punnily-named

Nix Creek Greenway

Arkansas
