This recreational path connects the [Armleder Park Trail](#) in Otto Armleder Memorial Park to the [Lunken Airport Bike Path](#), which then connects with the [Ohio River Trail](#). The Beechmont Bridge Connector across the Little Miami River is completed and connects the trail with the 78-mile [Little Miami Scenic Trail](#).

The trail begins at the parking lot south of the dog park, and heads south and east. It is partially shaded as it crosses over Duck Creek ducks under Beachmont Avenue. The final stretch of the trail to the airport parallels the Little Miami River, although the river is screened by the lush riparian trees. The paved trail has two lanes, one for each direction of bike-ped traffic.
