Stretching over a mile, Doral's Atlas Trail provides an ideal place to walk, run, ride or roll. The trail occupies shares the right-of-way with a power utility. The trail is neat and well-maintained. It's smooth asphalt with center striping along a landscaped verge. Crossings at intersections are clearly marked and should be approached with caution as always. Aside from the recreation, the trail can also be used to commute to the businesses and stores at the north and south ends.
