The HCC Campus Trail is a paved pathway for cyclists and pedestrians that runs through a utility corridor behind the West

The HCC Campus Trail is a paved pathway for cyclists and pedestrians that runs through a utility corridor behind the West Houston Institute campus of the Houston Community College system. Part of the Westchase district's trail network, which packs a lot of quality multi-use paths within the small neighborhood and business district, the trail serves as a convenient path for students and residents to get to and from the educational campus.

HCC Campus Trail
