The Grand Crossing Trail is a north-south trail located in La Crosse's marshlands. The hard-surface trail begins on River Valley Drive and extends south to Myrick Park Drive. The trail offers an opportunity to observe the wetland vegetation, waterways and resident fish and wildlife. The trail features a crossing over the La Crosse River as it snakes its way through the marsh to the Mississippi River. It also intersects with other trails in the Marsh Network, including the unpaved Cottonwood Trail, and the paved Willow Trail, which in turn connects to the [Vietnam Veterans Trail](#) and [Jim Asfoor Trail](#).
