URI Bike Path

Rhode Island

The URI (University of Rhode Island) Bike Path provides a safe conduit for students, faculty and staff to commute to and from

The URI (University of Rhode Island) Bike Path provides a safe conduit for students, faculty and staff to commute to and from school via the William C. O'Neill Bike Path. The asphalt, two-lane path stretches from the university's Kingston campus, past the athletic complex to State Route 138, where trail goers can cross safely by activating a red light that stops traffic in both directions. From there, the trail is nestled between wide open university-owned pastures and scenic woodlands to join the William C. O'Neill Path at a point east of Ministerial Road. The 2-mile path was opened in late 2019.

URI Bike Path

Rhode Island

States: Rhode Island

Counties: Washington

Length: 2miles

Trail end points: URI Campus to William C. O'Neill Bike Path

Trail surfaces: Asphalt

Trail category: Greenway/Non-RT

Trail activities: Bike, Inline

Skating, Walking, Wheelchair Accessible

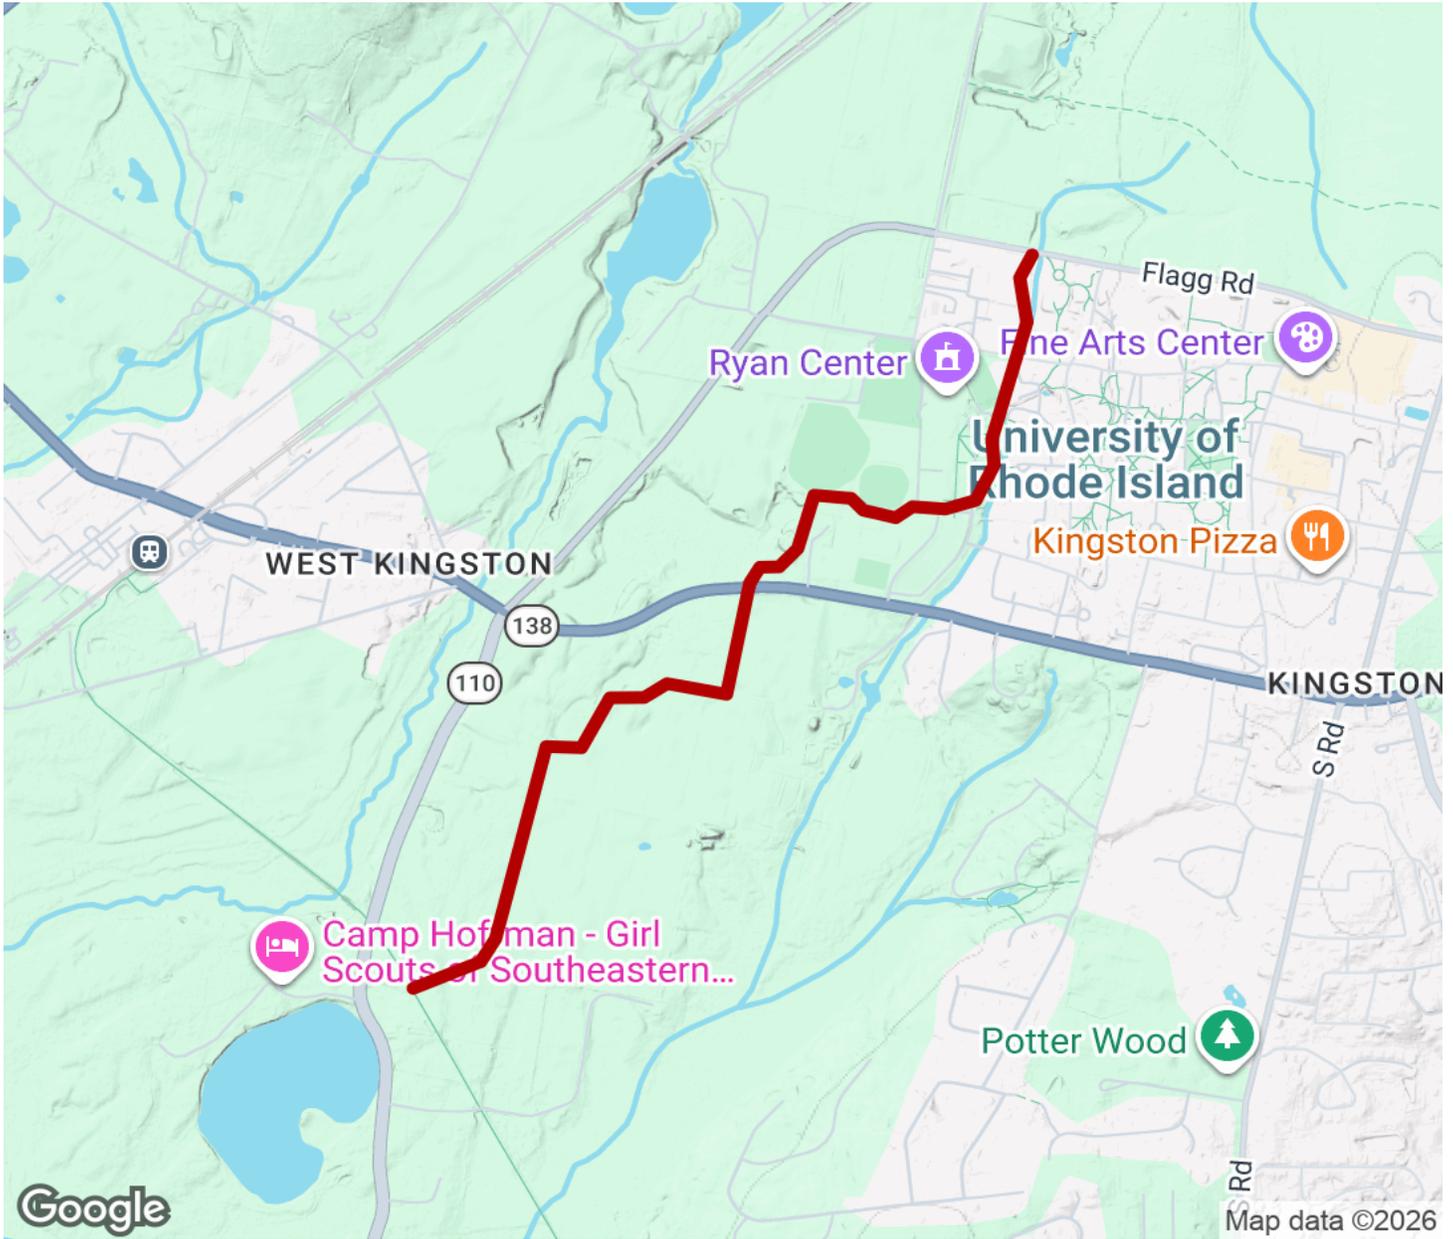

Parking & Trail Access

University students and staff can park on campus, or walk/ride onto the trail. For others, park at 1 Railroad Avenue and then ride the William C. O'Neill Bike Path south and east to Ministerial Road. Look out for the URI Bike Path connection just east of there.
