Utica North-South Arterial Multi-use Trail

New York

This paved trail is located on the west side of the North-South Arterial that runs through Utica New York. The trail provides a

This paved trail is located on the west side of the North-South Arterial that runs through Utica New York. The trail provides a non-driving option for folks to travel through the city and a pedestrian bridge to safely cross to the other side of the expressway. There are several intersections with less busy streets, and a signalized crossing at Court Street. Benches are provided at intervals along the landscaped route.
