Rose Creek Bike Path

California

The Rose Creek Bike Path is actually a segment of trail less than a mile long, connecting the Mission Bay Trail in the south to the Rose

The Rose Creek Bike Path is actually a segment of trail less than a mile long, connecting the [Mission Bay Trail](#) in the south to the [Rose Creek Bikeway](#), opened in 2021. It's a short but important connector, traveling along the creek and past commercial and residential areas. The Rose Creek Bike Path is asphalt, and can feel constricted in spots where the vegetation is overgrown.

Rose Creek Bike Path

California
