Running alongside the CSX railroad tracks on the north side of Doctors Lake Drive, this 10- to 12-foot-wide paved path offers joggers, walkers and bicyclists a scenic 4.5-mile long trail perfect for recreational and commuting use. Trees offer shade along the route that includes four pedestrian bridges, which cross over streams and parallel a culvert. The trail starts near the Clarke House and Park, a wooded park with a 1900 house on the National Register of Historic Places that includes a lake, gardens, a playground, a sand volleyball court, grills and pavilions for rent. The park is accessible for those using mobility aids, and has both accessible restrooms and parking spaces.
