Novato Downtown SMART Pathway

California

A part of the SMART Pathway system, the Novato Pathway is divided into multiple segments. Running parallel to the SMART

A part of the SMART Pathway system, the Novato Pathway is divided into multiple segments. Running parallel to the SMART commuter rail line, this paved multi-use path is lined with trees and shrubbery. The northern 0.3-mile section offers a short route from the Novato San Marin SMART Station (7700 Redwood Blvd) towards the city's downtown. Near the station and the trail's northern endpoint, there is secure eLocker bike parking, which is part of a pay-to-use bike parking/rental network. The short northern section ends on Rush Creek Place.

The next section picks up on Grant Ave by the Novato Station (695 Grant Ave) in the city's downtown. The trail heads south from downtown Novato for 0.9 miles and passes by Slade Park before ending on Rowland Way in Novato Valley.
