Hellbender Preserve Trail

Ohio

The Hellbender Preserve Trail is a 0.80-mile dirt trail through its namesake Hellbender Preserve. The trail and preserve are named

will one day connect Washington, D.C., and Washington State.

The Hellbender Preserve Trail is a 0.80-mile dirt trail through its namesake Hellbender Preserve. The trail and preserve are named after the eastern Hellbender, a species of giant Salamander that is native to southeastern Ohio. This incredible amphibian can grow up to 15 inches.

About the Route

The dirt and crushed stone trail runs through a serene forested preserve. The trail is flat, and there is a small bridge over a creek and a tunnel.

Connections

The 0.8-mile Hellbender Preserve Trail is the newest link of the Great American Rail-Trail, a 3800-mile route that
