Harry Cook Nature Trail

Iowa

The Harry Cook Nature Trail runs for 2 miles from the edge of the small city of Osage, Iowa to the city's public Spring Park. The trail,

The Harry Cook Nature Trail runs for 2 miles from the edge of the small city of Osage, Iowa to the city's public Spring Park. The trail, which opened in the early 1990s, occupies the bed of an abandoned railroad corridor and winds through dense tree cover. For most of its route, the trail runs adjacent to Cedar River. Bring your fishing gear and good luck and you might catch walleye, channel catfish or smallmouth bass.

Harry Cook Nature Trail

Iowa

States: Iowa
