Bruno's Run Trail is a 9-mile loop in the Hiawatha National Forest. The trail is open for mountain biking, hiking and snowshoeing. Because it's not groomed in winter, only advanced cross-country skiers should attempt the trail when snow is deep.

Along the route you'll find numerous small lakes among rolling wooded and open terrain. Watch for wildlife along the way. Visit the Hiawatha National Forest webpage for details on each trail segment.
