Spring Meadow Lake State Park Trail

Montana

Spring Meadow Lake State Park Trail

Montana

This pleasant trail is busy during hot summer days, when families come out in droves to swim, fish and paddle non-motorized boats

There is a small user fee for out-of-state visitors. Pets on a leash are welcome from October to April only. Check the [website](#) for specific dates allowed.

This pleasant trail is busy during hot summer days, when families come out in droves to swim, fish and paddle non-motorized boats around this small lake. No bikes are allowed on the trail but you can cross-country ski during winter. You can also rent paddle boats, and there is a large picnic shelter available to lease for the day. Other shelters are scattered about the grassy banks of the lake, and you'll find picnic tables and pit toilets all along the path.

The path is concrete where it skirts the ample parking area but turns to crushed gravel for most of the way. A large fishing pier on the far end of the lake is a great place to drop a line. Look for many species of passerine birds, especially warblers, in the willow thickets and cattails that line the shores. A concession stand, open during summer only, is near the parking lot.

Spring Meadow Lake State Park Trail

Montana

States: Montana

Counties: Lewis and Clark

Length: 2miles
