Shelby's rail-trail winds through the western edge of the city between West Grover Street and Dixon Boulevard. Following the former right-of-way of Norfolk Southern Railroad, the unpaved pathway offers a wooded experience through nature. A highlight of the route is its suspension bridge over the First Broad River.

The trail is part of a larger network called the Carolina Thread Trail, which spans 15 counties in North and South Carolina.

Shelby Rail-Trail

North Carolina

States: North Carolina

Counties: Cleveland

Length: 1.5miles

Trail end points: West Grover Street to 1818 E.
Dixon Blvd.
