Black River Wildlife Management Area Trail

New Jersey

Black River Wildlife Management Area Trail

New Jersey

The Black River Wildlife Management Area Trail runs for 4 miles through streambeds and forests of the Black River Wildlife

Connections

The Black River Wildlife Management Area Trail runs along the [West Morris Greenway Trail](#) for its entirety.

About 0.25 miles after its western endpoint, the Black River Wildlife Management Area Trail intersects with the [Patriots' Path Trail](#).

Just before the Black River Wildlife Management Area Trail's eastern endpoint, the trail intersects with the [Randolph Trails](#).

The Black River Wildlife Management Area Trail runs for 4 miles through streambeds and forests of the Black River Wildlife Management Area. The straight multi-use trail offers access to other trails through the wildlife management area.

About the Route

The western endpoint for the Black River Wildlife Management Area Trail sits off Pleasant Hill Road at the Patriots' Path trailhead. Heading eastward, the trail runs through the south side of an extensive wetland surrounding the Black River. The trail follows the right-of-way of the former Chester Branch of the Delaware, Lackawanna, and Western Railroad from Chester Station to Ironia.
