Opened in 2017, the Clinton-Fayette Friendship Trail, spanning 9.1 miles, is the longest rail trail in central Ohio's Clinton County. Following a former railroad corridor, the rail-trail spans the rural village of Sabina, a community which dates back to 1830.

In the middle of the first section of the trail, from Sabina Farmers Exchange to the community of Reesville, about 2.5 miles of the route is paved; to either side, the rest of the trail is crushed stone. There is also a short on-road section in Sabina between Orchard Avenue and Howard Street.

The second, eastern section of trail similarly runs along the same flat, straight, and paved route.
