In West Virginia's Monongahela National Forest, the Dolly Sods Wilderness features sweeping vistas, spruce and aspen groves, beautiful meadows, beaver dams and rolling creeks. The area is also home to several intersecting trails, offering a selection of loop options for multi-day hikes of varying levels of difficulty.

The Rohrbaugh Trail—also known as the Rohrbaugh Plains Trail—extends north from the Dolly Sods Picnic Area on an old logging railroad corridor that serviced the once-bustling timber industry in this area. The trail is heavily wooded, and rhododendrons envelop the corridor near the 1.5 mile mark. Farther north, the trail opens up onto rock cliffs, offering stunning mountain views.
