Harrison North Rail Trail

West Virginia

Closure Notice: The Harrison North Rail Trail is closed between the Veterans Memorial Bridge and the Shinnston Waste Water Plant in

Closure Notice: The Harrison North Rail Trail is closed between the Veterans Memorial Bridge and the Shinnston Waste Water Plant in Shinnston due to storm damage. Please check with the county before heading out on the trail.

The Harrison North Rail Trail follows the West Fork River from North View in Clarksburg north, ending at a dead-end just south of the communities of Spelter and Meadowbrook. Recently repaired, the trail offers a scenic, albeit rough, route through dense woodlands with periodic water views.

Harrison County and the newly formed Harrison Rail Trails, Inc. are currently working on extending the trail north, south and west, with eventual plans calling for connections with the popular West Fork River Trail and North Bend Rail Trail, as well as the developing Harrison South Rail Trail.

Harrison North Rail Trail

West Virginia
