Pennsylvania

This trail passes through a variety of pleasing landscapes. The area near Crane Run is especially scenic. The trail is marked with white

This trail passes through a variety of pleasing landscapes. The area near Crane Run is especially scenic. The trail is marked with white diamonds. The skill level of this trail is rated more difficult.

The Twin Lakes Trail ends at the North Country Trail, which is 96.3 miles long in the Allegheny National Forest. This end of the Twin Lakes Trail is within the Tionesta Scenic Area, which is a 4000 acre tract of old-growth forest purchased by the federal government in 1936. The old-growth consists of 300-400 year old beech, hemlock and sugar maple. The primary purpose of the Scenic Area is to protect this unique area of national significance for recreational enjoyment.
