Wabash Trail

Illinois

Wabash Trail

Illinois

The Wabash Trail is the epitome of an urban rail-trail link. It's straight and flat. It has bridges over its only intersecting roadways.

The Wabash Trail is the epitome of an urban rail-trail link. It's straight and flat. It has bridges over its only intersecting roadways. Just keep moving and enjoy. The trail connects city neighborhoods in its midsection with shopping areas on both ends. At its eastern end point, it connects directly with the popular [Interurban Trail](#) that runs south to Chatham. The trail is open dawn to dusk.

Wabash Trail

Illinois

States: Illinois

Counties: Sangamon

Length: 2.1miles

Trail end points: Wabash Ave. and S. Park Ave.
to Robbins Rd. between Hollis Dr. and
Lindbergh Blvd.

Skating, Walking, Wheelchair Accessible

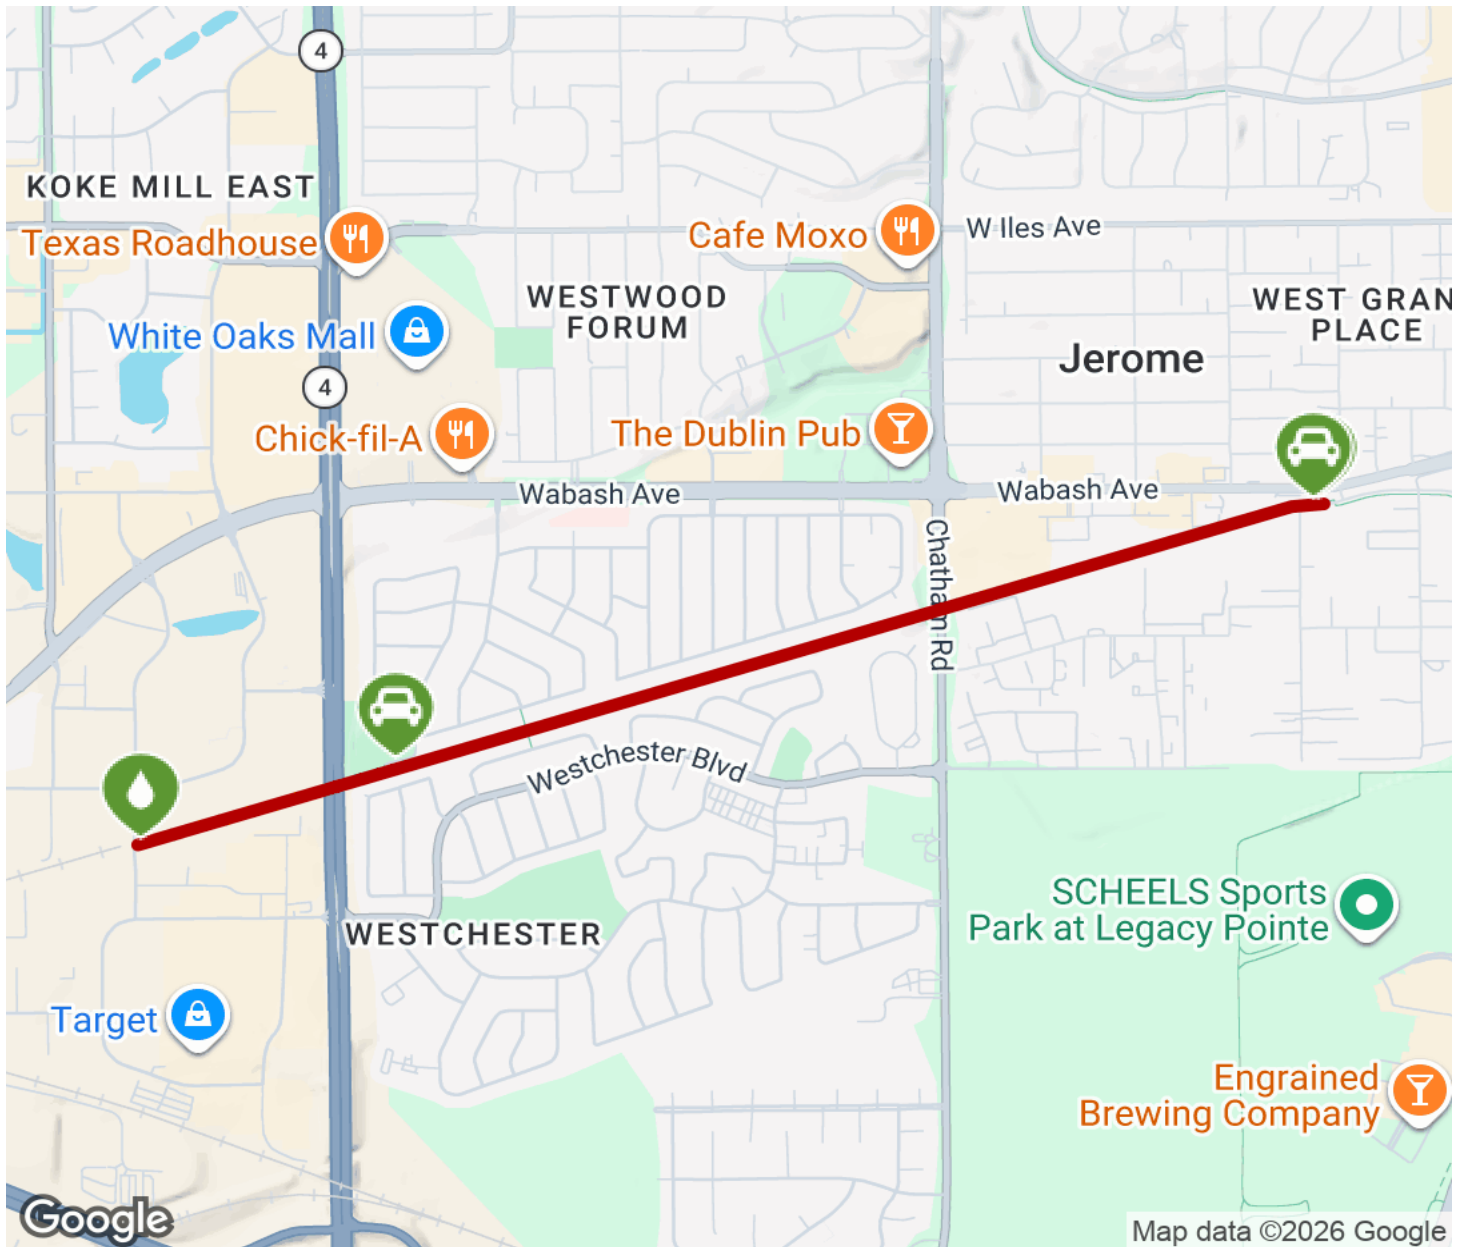

Parking & Trail Access

This trail has connected parking lots in Vredenburg Park and at its eastern trail end. To access the latter from I-72, take MacArthur Boulevard north to Junction Circle/West North Street. Turn left and proceed two blocks to South Park Avenue. Proceed straight through the intersection; parking is 200 feet ahead, on the right.
