Muskegon Lakeshore Trail

Michigan

Muskegon's Lakeshore Trail provides scenic views of Lake Michigan and Muskegon Lake, while also passing among beautiful

The Muskegon Lakeshore Trail loops around Pere Marquette Park, where trail users can take in South Pier Light Station and the Muskegon Channel.

Connections

The Muskegon Lakeshore trail connects to the [Laketon Trail](#), via a short on-road connection, which in turn connects to the [Musketawa Trail](#).

Muskegon's Lakeshore Trail provides scenic views of Lake Michigan and Muskegon Lake, while also passing among beautiful sand dunes, lively parks, and the city of Muskegon itself. Small sections of the trail follow designated on-road bike lanes but easily link the segments of this lovely trail.

About the Route

The Muskegon Lakeshore Trail follows part of the old railroad corridor that once served the former Sappi paper mill. Native plant landscaping along the trail has replaced brownfield sites and enhanced the natural aspects. Along the trail, trail users will have access to historic sites, maritime attractions, the beach, restaurants, and seasonal festivals.
