South Bethlehem Greenway

Pennsylvania

The South Bethlehem Greenway is a linear park that follows a former Norfolk Southern rail line through the southern

the early planning stages.

The South Bethlehem Greenway is a linear park that follows a former Norfolk Southern rail line through the southern neighborhoods of Bethlehem. The paved pathway begins just north of Lehigh University and travels about 2 miles east and south to end just outside of Saucon Park.

The trail parallels Daly Avenue/State Route 412 for much of its route and passes the former Bethlehem Steel Corporation site, where steel stacks tower over new development. A large portion of the site is now home to the Sands Casino Resort Bethlehem. The company paid for much of the trail's development adjacent to its property.

Connections to the [Saucon Rail Trail](#) and [D&L Trail](#) are in

South Bethlehem Greenway

Pennsylvania

States: Pennsylvania

Counties: Northampton

Length: 1.9miles
