The Chippewa Rail Trail runs for 2.4 miles between Chippewa Road (SR 50) in Chippewa Lake to suburban Wycliffe Drive southwest of Medina (Lafayette Township). The trail is mostly rural in feel, passing among woodlands, farmland and open space. It also borders a large golf course. The grade is level but does descend slightly from north to south.

The rail-trail follows a corridor once used by the old B&O Railroad, which ran a main line from the Lester Junction through Medina to Chippewa Lake. The rail once shipped ice harvested from the lake to nearby towns and cities.
