Muskego Recreation Trail

Wisconsin

Muskego Recreation Trail

Wisconsin

The Muskego Recreation Trail follows a corridor originally used by the Milwaukee Electric Railway & Light, an interurban railroad in

This section of trail is best suited to mountain bike riders, walkers, and equestrians.

Going east from the park, you'll find a white crushed-stone surface that cuts through the surrounding greenery and is draped with power lines overhead. It is an easy level ride throughout. The first couple miles take you through the residential community of Muskego; however, immediately after crossing over Mystic Drive, the scenery quickly changes to beautiful farmland and woodland scenery.

When you cross into Milwaukee County, you will see trail signage indicating that you have joined the City of Franklin Hike and Bike Path. Continue into Franklin.

The Muskego Recreation Trail follows a corridor originally used by the Milwaukee Electric Railway & Light, an interurban railroad in southeastern Wisconsin. The corridor was later acquired by Wisconsin Electric Power Company, which is known today as We Energies. The Recreation Trail connects seamlessly with the [City of Franklin Hike and Bike Trail](#) at the Milwaukee–Waukesha county line, taking you an additional 1.5 miles east to Franklin. The Muskego Recreation Trail is part of the Route of the Badger, a Milwaukee-area trail network.

A good place to start the Muskego Recreation Trail is in the residential community just across from the entrance to the Muskego County Park. A sign marks the trail entrance. If you head west from the park, you will travel nearly 2 miles along a dirt path to the village of Big Bend.
