Joe's Trail at Saratoga De Anza

California

Joe's Trail at Saratoga de Anza parallels the south side of the active Union Pacific Railroad tracks that travel through a residential area

Joe's Trail at Saratoga de Anza parallels the south side of the active Union Pacific Railroad tracks that travel through a residential area of Saratoga, a California community just south of the San Francisco Bay. The trail is part of the Juan Bautista de Anza National Historic Trail, which commemorates the 1775-1776 Spanish Expedition and stretches more than 1,200 miles from San Francisco to Nogales, Arizona.

Running in a PG&E utility corridor, Joe's Trail has a decomposed granite surface and crosses two bridges over both Saratoga and Rodeo Creeks. Due to right-of-way ownership issues, the trail is currently open in two disconnected segments on either side of Cox Avenue.
