## Georgia Florida & Alabama Trail (GF&A Trail)

Florida

*The Georgia Florida and Alabama Trail (GF&A) is but a small section of a proposed 52-mile rail-trail, which will one day stretch*

and has restrooms, water fountains and parking. All along the trail, watch for wildlife and be sure to check with the Apalachicola National Forest about hunting season dates.

The trail is open during daylight hours only; pets are allowed but must be on a 6-foot leash at all times.

The Georgia Florida and Alabama Trail (GF&A) is but a small section of a proposed 52-mile rail-trail, which will one day stretch from Tallahassee to Carrabelle, on the Gulf of Mexico. This 2.4-mile section is complete and paved, accommodating cyclists, walkers and inline skaters. It also features nearby hiking trails in the Apalachicola National Forest. It's also called the Gopher, Frog & Alligator Trail.

The trail is wooded and a small section parallels a road but is safely separated with adequate barriers. In a couple of places the trail leaves the rail bed, winding through the forest of longleaf pine, oak and sweetgum and over a bridge or two.

The Trout Pond Recreation Area is at the northern end
